PAP accessories

to meet your patients' needs

Discover new ways to enhance your patients' therapy experience by offering a wide variety of convenient PAP accessories. Carrying these accessories can enable you to:

- Keep in contact with patients and build lasting relationships for future opportunities
- Help patients enjoy a better quality of life with a variety of accessories that allow them to conveniently travel with their sleep therapy system or store components discreetly at home
- Create a retail revenue opportunity and attract additional patients to your business

PAP battery kit

Give your patients the confidence and convenience of powering their PAP therapy device with the Philips Respironics battery kit. It's designed to provide an uninterruptible power supply (UPS) to the DreamStation and System One sleep therapy devices.

Designed for peace of mind

Your patients will know that when the power goes out, the battery pack's integrated uninterruptible power supply (UPS) will help reduce therapy disruptions. Continuously connecting the battery kit to the patient's Philips Respironics sleep therapy device's power supply keeps it charged and ready for travel or UPS protection.

Convenient for travel

The battery pack is our lightest and smallest ever, offering easy portability so patients can continue therapy away from home. It's great for camping, hotel use, or active duty military. The battery pack uses the power supply from the patient's Philips Respironics sleep therapy device to reduce the number of cords needed for travel. And it meets FAA requirements for airplane travel.

Benefits for patients

- The battery pack provides more than 14 hours of battery life* for PAP devices.
- It's compact and lightweight at just 2.25 lbs.
- It meets FAA requirements (90W lithium ion battery pack).
- No prescription is required.
- It comes with a six-month warranty.
- Its lithium ion battery is environmentally conscious.

Carrying case

Device cable and adaptors

Components

The battery kit accommodates the Philips Respironics DreamStation and System One sleep therapy devices. It includes a rechargeable lithium ion battery pack, a PAP device cable, 2 adapters (for use with System One 50 series only), and a battery case.

Supports DreamStation, System One 60 series, System One 50 series CPAPs and BiPAPs. Utilizes DreamStation or System One power supply. Additional power supply not included.

Specifications

Dimensions: 1.25" (3.175 cm) x 5.25" (13.335 cm) x 9.0" (22.86 cm)
Weight: 2.25 lbs. / 1.02 kg

*PAP run-time test conditions: CPAP mode, pressure 10 cm H2O, no heated humidification or heated tubing.

**PAP Lithium Ion Battery Kit for use with the Philips Respironics DreamStation and System One CPAPs, BiPAPs, autoSV, BiPAP AVAPS, and BiPAP S/T sleep therapy devices. Includes a rechargeable lithium ion battery pack, a PAP device cable, and a battery case.

DreamStation travel case

The DreamStation travel case* gives patients a convenient, compact, and discreet way to travel with their DreamStation sleep therapy device and supplies.

Convenient
The case includes a DreamStation 65W power supply that is lighter and smaller than the DreamStation 80W power supply. The 65W power supply powers the DreamStation** device, and the included USB port can be used to charge items such as a smartphone and other electronic devices during travel.

Compact
The lightweight, hard-fabric case offers an ideal combination of protection and portability. Its individual compartments accommodate the DreamStation** device and neatly organize the supplies. An included mesh pouch holds the tubing securely in place.

Discreet
The case is designed to make traveling with sleep therapy equipment less cumbersome. A molded insert liner helps the patient thoroughly pack the PAP device and accessories. The case can be attached to a roller suitcase and its zip top facilitates airport security screening. On a plane, it easily fits in the overhead bin or under the seat.

Benefits for patients

- The hard-fabric case provides added peace of mind that the sleep therapy device will be protected during travel.
- The included power supply offers travel convenience.
- The USB port on the 65W power supply reduces the need for an additional charger.
- The molded insert liner is designed to help the patient thoroughly pack the PAP device components.

Components
The case accommodates the Philips Respironics DreamStation sleep therapy device (blower only, no humidifier), the patient's mask and tubing, a 65W power supply w/ USB port, and a removable luggage strap.

Specifications
Dimensions: 10.42" (26.46 cm) x 3.94" (10 cm) x 13.78" (35 cm)

PAP travel briefcase with detachable laptop bag

The PAP travel briefcase* gives patients an all-in-one carrying option that accommodates most PAP therapy systems and humidifiers, a laptop, and other small items. It makes it easy and efficient to travel with a sleep therapy system.

The travel briefcase features two bags that conveniently zip together into one carry-on. The therapy device and accessories fit snugly into customizable compartments on one side of the case, while the laptop and its accessories fit securely into the ample-sized pockets of the other side. There's even space for books, magazines, and other small travel items.

Benefits for patients

- The case's compartments protect the sleep therapy device and accessories during travel.
- Its zip top facilitates airport security screening.
- It fits within the FAA maximum carry-on size.
- The lightweight case offers easy portability.
- It's designed to attach to a roller suitcase.

Components

The briefcase accommodates most PAP therapy devices and accessories and standard-size laptop computers.

Specifications

Dimensions: 16.14" (40.99 cm) x 13.58" (34.49 cm) x 7.87" (19.99 cm)
Color: Black

Mask and tubing bedside organizer

The bedside organizer gives patients a way to conveniently store their mask and tubing without cluttering a nightstand – both at home and during travel. It also keeps the components dust-free and ready for use.

The organizer has a weighted flap to allow it to hang over a nightstand or between a patient's mattress and box spring. It even features a zippered compartment for the mask and tubing, making the organizer a great travel companion.

Benefits for patients

- The organizer provides a clean, discreet place to store the mask and tubing while not in use.
- Its design looks right at home in the bedroom.
- It can be used on a nightstand or in between a mattress and box spring.

Specifications

Dimensions: 7.99" (20.3 cm) x 10.94" (27.8 cm) x 3.74" (9.5 cm)
Color: Light gray
