

Fitting guide for AirFit F10

Optimal cushion positioning

## Full face benefits in a compact size

ResMed's AirFit™ F10 full face mask is part of ResMed's AirFit range – the right fit for you. Its lightweight, streamlined design enhances comfort and ease-of-use, while its headgear and frame work in synergy, to deliver the same performance and stability you have grown to trust in a ResMed traditional full face mask.

### Superior comfort

AirFit F10's sleek, lightweight design gives patients a clear line of sight so they can read, watch TV or even wear glasses while wearing the mask. In fact, 75% of patients found AirFit F10 to be more comfortable than their current ResMed traditional full face mask.\*

### Proven performance

The dual-wall Spring Air™ cushion provides a secure seal for better performance. When asked about AirFit F10's seal and stability, the majority of patients we spoke to, told us that it outperformed their ResMed traditional full face mask.\*

### Ease-of-use

The mask's fourpart design makes it easy for you to demonstrate and for patients to take apart, clean and reassemble. Its intuitive design seamlessly integrates into your patient's bedtime routine.
